CLIPSO® **C**ommunications Americas

Performance Ceilings & Walls For The Interior Design Industry

Take the **SCARE**

out of installing CLIPSO®!

Fast and Easy Installation

Our easy-to-install ceiling & wall designs provide a quick installation using no heat or water! Installing the CLIPSO® system produces minimal waste, clean up, and impact on other subcontractors.

Installation Tools

Spatula

Mitre-Cutting Shears

Utility Knife

Screw Gun

Gloves

3 Easy Steps

- Attach the profiles
- Stretch the fabric
- Finish and trim

Featured Project

Cipriani Restaurant, Soho NYC, was looking for a quick interior aesthetic upgrade. Clear Water International installed one piece of CLIPSO 495D acoustic fabric to achieve a seamless monolithic ceiling and maintain the previous acoustic treatment. This was done in less than 24 hours: the profiles were installed after the dinner service and the fabric before the lunch service the next day. The restaurant did not need to close during the installation process!

More Information

If you have questions regarding installation, or have an upcoming project, please feel free to contact our Project Manager, PJ Del Toro, at pdeltoro@clipso.com. If you would like to learn more about becoming a Certified CLIPSO Installer, please email our Director of Sales, Kip Howard, at khoward@clipso.com.

Applications

Ceiling Panels

Ceiling Clouds

Wall Frames

Partitions

Lightboxes

Torsion Spring Panels

Tradeshow Booths
