Performance Ceilings & Walls For The Interior Design Industry

CLIPSO is a HIT at the Delaware Designer Showhouse!

This fall season, CLIPSO® has participated in a unique project: the Delaware Designer Showhouse in Centerville, DE. This charity event opens the Showhouse to the public and allows them to see the breathtaking renovation done by the area's most talented interior design professionals. Each room of the house was designed and staged by a different team. As a corporate sponsor of the event, CLIPSO partnered with Master Acoustical, a local CLIPSO certified installer, to transform the basement media room.

The ceiling in this space was challenging, having been an outdated and worn-out drop ceiling that had to be removed for the renovation. The Showhouse Committee found CLIPSO while researching more innovative alternatives to installing ceiling tiles yet again. CLIPSO proved to be the perfect solution, revamping the ceiling with a modern look and clean, perfect finish. Master Acoustical quickly and easily installed the fabric covering to complete the new look.

The Result: A Beautiful Space

Both CLIPSO and Master Acoustical are proud to support the Junior League of Wilmington, DE as well as the numerous other non-profit partners who participated in this event. You can learn more about the Delaware Designer Showhouse at www.delawareshowhouse.com.
