Performance Ceilings & Walls For The Interior Design Industry

CLIPSO is the Perfect Solution for Theaters and Auditoriums

CLIPSO® ceiling and wall systems combine high-end aesthetics with superior acoustic performance for use in theaters and auditoriums. Micro-perforated coverings combine with acoustical batting to optimize sound quality and enhance the overall experience of the space.

Acoustic coverings are available in many colors and can also be custom printed. CLIPSO is versatile and adaptable to any space, easily integrating existing lighting systems, diffusers, AV equipment, and ceiling faceting.

AEROCEILING Acoustics

Completely customize your performance space with AEROCEILING®, CLIPSO's suspended cloud system. Clouds can be featured on ceilings or walls, come in any size or shape, and most importantly incorporate the excellent acoustic properties for which CLIPSO is known.

More Information

Are you interested in using CLIPSO for an upcoming project? Contact our Project Manager, PJ Del Toro, at pdeltoro@clipso.com. For more information about CLIPSO, visit our website (www.clipso.com) or email us at contactusa@clipso.com.

Applications

Ceiling Panels

Ceiling Clouds

Wall Frames

Partitions

Lightboxes

Torsion Spring Panels

Tradeshow Booths
