Luminous Solutions

By CLIPSO®

Law office in Raleigh, NC - Installer: WARCO Construction, Inc. - Architect: Gensler, Washington D.C.

70% translucent coverings with lighting housed in recessed cavity

CLIPSO® Ceiling & Wall now offers a complete, fully-customizable luminous surface solution. Whether you are looking for a direct-attach or a suspended frame system, CLIPSO can accommodate your needs with a complete profile, covering, and lighting solution.

THE LIGHTING

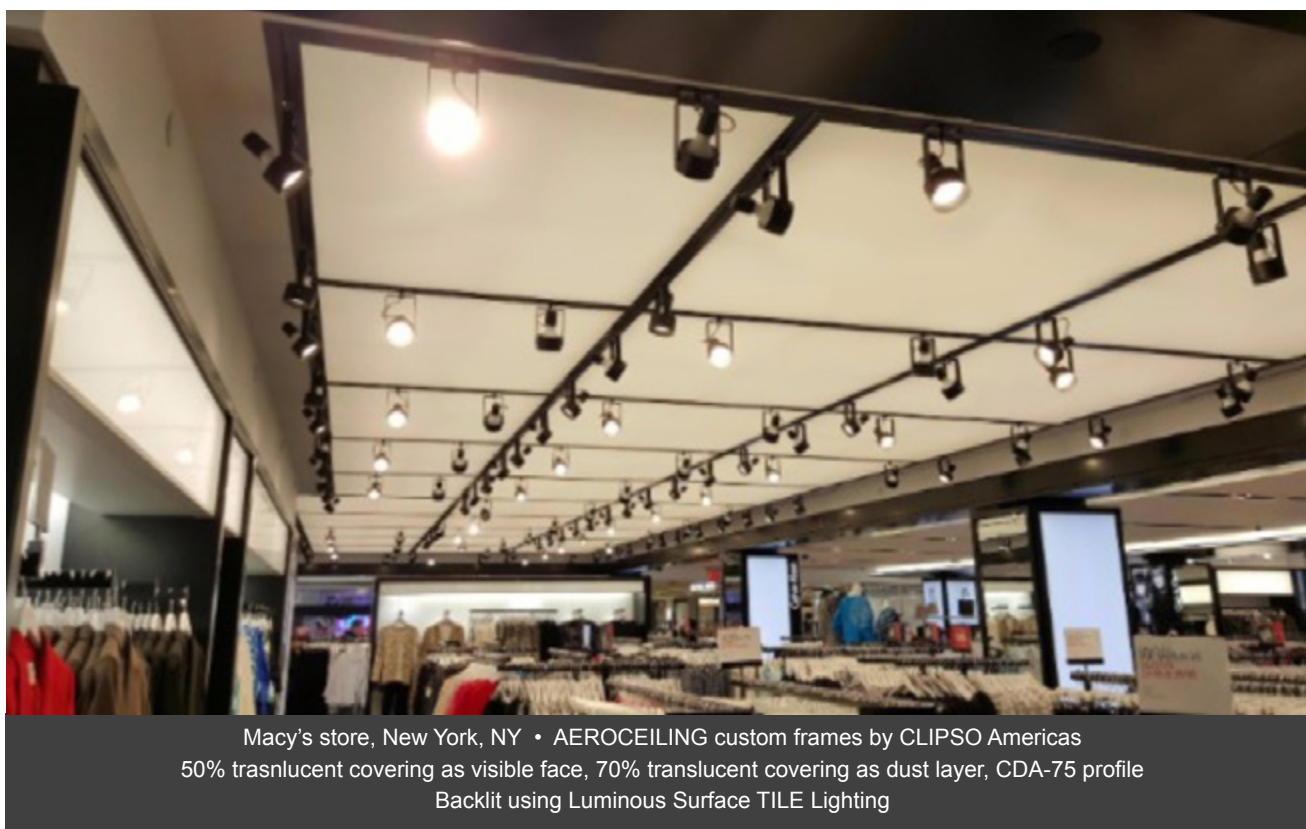

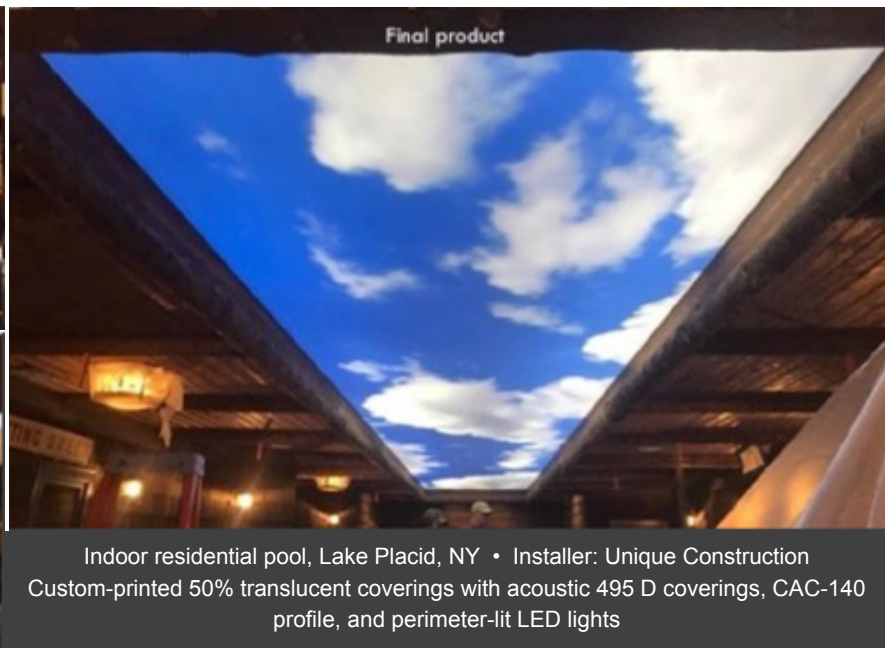

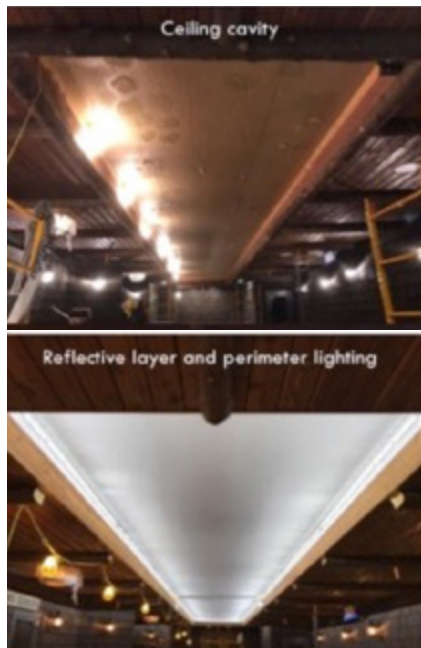

Our lighting options include backlit, perimeter-lit and surface-mounted solutions. We can offer a range of color temperatures from 2700°K to 7000°K, RGB and RGBW color options as well as tunable and dimmable options.

THE PROFILES

The complete range of CLIPSO profiles can internally-house lighting or can allow our product to be backlit from above or behind.

THE COVERINGS

CLIPSO offers various translucency options to suit your design needs; 30%, 50%, and 70% translucency as well as a 40% Acoustic Translucent option. CLIPSO coverings can also be custom printed up to 16' wide and 150' long without joints or seams.
