

CLIPSO[®]
so different

www.clipsocellingwall.com

The next generation
of ceilings and walls!

CLIPSO Has Achieved **GREENGUARD GOLD Certification** For Its Full Range Of Coverings!

Since its inception, CLIPSO has always made the environment and its customer's safety and well-being its main priorities. Because of this, CLIPSO creates ceiling and wall covering solutions that are functional, beautiful, safe and environmentally friendly. Thanks to its tenacity CLIPSO has recently achieved GREENGUARD GOLD Certification for its full range of coverings! This international certification provides an additional guarantee of the quality of CLIPSO materials used in new construction and renovation that is essential to designing healthier living spaces.

“GREENGUARD Gold Certification (formerly known as GREENGUARD Children & Schools Certification) offers stricter certification criteria, considers safety factors to account for sensitive individuals (such as children and the elderly), and ensures that a product is acceptable for use in environments such as schools and healthcare facilities. ...GREENGUARD Gold Certified products can be used to earn valuable credits in the CHPS Best Practices Manual for K-12 schools, the US Green Building Council's LEED® Green Building Rating Systems, the Green Guide for Healthcare, the NAHB Green Building Guidelines, Green Globes, Regreen and many other building codes, standards, and specifications.”

- GREENGUARD Certification, From UL Environment

GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.
